

Job Description

Underground Drill Operator – Waxahachie

Job Responsibilities

We are looking for experienced Underground Drill Operators to assist with our telecommunications construction project in the Waxahachie area. We're family owned and operated, with a financially stable business, with advancement opportunities. Please review the summary and qualifications of this position and submit your resume for immediate consideration.

Responsibilities

A successful Underground Drill Operator will perform work as assigned by the company; including all areas of installation, maintenance, and/or repair our customer's telecommunications facilities. At a minimum, the position requires a good working knowledge of telecommunications construction; familiarity with Horizontal Directional Drills, locating devices, and the functionality of each; ability to use cable placement equipment and tools; ability to identify and troubleshoot problems. Individuals must be able to read prints and have knowledge of the underground process. Ability to trench, bore, place duct, and direct bury main-line and drops. Locate & verify all utilities before construction. Clean -up job when finished.

Job Requirements

- Must have directional drilling experience (rock boring experience is a plus)
- Experience in UG fiber construction
- A good work ethic
- Must have good communication skills and a positive attitude
- Able to work in a fast paced environment
- The ability to work safely, with or without supervision
- Must be able to work independently at times and demonstrate good judgment
- Logical problem solving skills
- Operator must be knowledgeable with all typical safety procedures and apply them at all times
- Must be able to lift up to 50lbs unassisted, more assisted
- Be able to locate both cables and drill heads
- Be able to hand dig if required
- Work outside in all types of weather

Benefits

We offer competitive compensation and full benefits.

Benefits include:

- Health, dental, vision
- 401(k) with match
- Paid Time Off
